Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, May 4, in the conference room in the offices of the Kansas Development Finance Authority, Suite 1000, Jayhawk Tower, 700 S.W. Jackson, Topeka, regarding the proposed issuance by the Authority of approximately \$25,000,000 of its revenue bonds for Sisters of Charity of Leavenworth Health Services Corporation (the borrower). The bonds will be issued, pursuant to K.S.A. 74-8901 et seq., to provide funds for the purpose of refinancing certain costs related to the 1998 acquisition of the Bethany Medical Center located in Kansas City, Kansas (the project). The project is being financed for the Sisters of Charity of Leavenworth Health Services Corporation.

The bonds will be payable solely from amounts received or pledged by the corporation, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the Authority at its offices at Suite 1000, Jayhawk Tower, 700 S.W. Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, June 22, at the Holiday Inn Express, 420 Parkview Drive, Pittsburg, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. June 22 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. June 22 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, commission secretary, at (316) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The administrative regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-4-1, K.A.R. 115-4-3 and K.A.R. 115-4-5. These regulations establish legal equipment, taking methods and general provisions for the taking of turkey, antelope and deer. The proposed amendment to each of these regulations would eliminate the minimum draw weight for legal archery equipment. One additional amendment to K.A.R. 115-4-5 would ensure that recently approved legislation would not impair landowners' or tenants' priority status in the draw for deer permits.

Economic Impact Summary: The proposed amendments are not anticipated to have any economic impact on the department, other agencies or the public.

K.A.R. 115-4-6. This regulation establishes deer management units within the state of Kansas. The proposed

amendments would rename the boundaries of two units, due to recent highway redesignations, and would eliminate sub-unit 12A, as it is no longer used as a sub-unit.

Economic Impact Summary: The proposed amendments are not anticipated to have any economic impact on the department, other agencies or the public.

K.A.R. 115-4-7. This regulation establishes legal equipment, taking methods and general provisions for the taking of elk. The proposed amendments would address designations of various elk permits.

Economic Impact Summary: The proposed amendments are not anticipated to have any economic impact on the department, other agencies or the public.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

Governmental Ethics Commission

Opinion No. 2000-01

Written February 17, 2000, to Kim Moore, President, United Methodist Health Ministry Fund, Hutchinson.

This opinion is in response to your letter dated January 28, 2000, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the State level governmental ethics laws (K.S.A. 46-215 et seq.). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as President of the United Methodist Health Ministry Fund (Fund). You have explained that the Fund is a public charity which is exempt from federal income tax under Section 501(c)(3) of the United States tax code. The Fund was established in 1987 as a grant-making organization to provide financial support through grants and other activities for a broad range of health programming throughout Kansas. In a conversation with our staff, you informed us that the Fund does not lobby and that the Fund does not have a special interest, as defined in K.S.A. 46-228, in the Legislature or any agency of the State of Kansas.

In October of 1998, the Fund launched *Healthy Teeth for Kansas*, a statewide campaign to improve the oral health of Kansans. As a part of this initiative, the Fund has set aside \$56,500 to provide funds for approximately 40 Kansans to attend a conference in Washington, D.C. (Conference). The Conference is being sponsored by the Surgeon General of the United States and is designed to "bring attention to the impact of oral health on children's overall health and wellbeing, [sic] and to promote action steps to eliminate disparities in children's oral health." The Fund wishes to provide the following items to these Kansans:

1. The registration fees for the Conference

\$175 (if made prior to April 1, 2000) \$225 (if made after March 31, 2000) (Wichita or K.C. to Washington, D.C.)

2. Airfare (coach) to and from the Conference3. Hotel expenses

4. Cash per diem

\$169/night \$50/day up to four days

(Per diem covers reimbursement for transportation to and from airport, ground transportation in D.C., meals not provided at the Conference, gratuities and miscellaneous expenses.)

You have indicated to a member of our staff that the Fund would be willing to provide direct reimbursement for the items covered by the per diem if that is required.

In addition, the Fund would like to provide a special meal during the Conference open to all Kansans attending the Conference, whether or not they are receiving assistance from the Fund. You have informed a member of our staff that you expect between 25 and 40 people to attend this dinner, and that the attendees will be from all walks of life including dentists, hygienists, attorneys, legislators, teachers, social workers, state employees and nu-

merous other professionals with an interest in the oral health of Kansans..

Finally, you have indicated that you would like to host a hospitality room as an informal gathering place for Kansans during the Conference. You will provide snack foods and non-alcoholic beverages.

Ouestions

I. May the Fund underwrite the expenses associated with attendance at the D.C. Conference for State employees subject to the State level governmental ethics laws found in K.S.A. 46-215 et seq.?

II. May the Fund provide a special meal during the Conference which is open to all Kansans attending the Conference?

III. May the Fund provide a hospitality room which has available snack foods and non-alcoholic beverages?

Opinion

All of these questions involve substantially the same statutes and may be addressed together. Several statutes apply to your questions and each will be addressed in turn.

K.S.A. 46-237 applies to *unclassified* employees not subject to the provisions of K.S.A. 46-237a and to all legislators. It states in pertinent part:

"(a) No state officer or employee ... shall accept, or agree to accept any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.

"(b) No person with a special interest shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year to any state officer or employee ... with a major purpose of influencing such officer or employee ... in the performance of official duties or prospective official duties."

K.S.A. 46-228 defines "special interest" in the following manner:

"'Special interest' means an interest of any person as herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole, or (2) in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole."

Three elements must be shown before the prohibitions in these sections apply. First, the value of the gift must be \$40.00 or greater. Second, the person giving the gift must have a special interest in the person accepting the gift. Finally, the person accepting the gift must know or should have known that a major purpose of the donor was to influence such person in the performance of their official duties or prospective official duties. If any element is not met, the restrictions in the statute do not apply.

You have explained that the Fund does not have a speicial interest in the Legislature, the members of the Legislature, or a state agency or its employees. In addition, there has been no evidence presented to the Commission to suggest that the Fund has a major purpose of influencing the legislators or state employees in the performance of their official duties or prospective official duties. Therefore, the Commission determines that the Fund may underwrite all of the costs listed above for state legislators and unclassified employees whose salaries are not subject to the approval of the Governor to travel to Washington, D.C. and attend the Conference without violating State governmental ethics laws.

Next, we must address K.S.A. 46-237a which applies to the Governor; the Lieutenant Governor; the Governor's spouse; all classified employees; all members of boards, commissions and authorities of the executive branch of state government; and those unclassified employees in the executive branch whose compensation is subject to approval by the Governor pursuant to K.S.A. 75-2935b. Pursuant to K.S.A. 46-237a, classified state employees are entirely prohibited from accepting gifts, meals, and travel provided because of their official position, unless one of the four enumerated exceptions applies. With respect to the airfare, lodging, and transportation costs to and from the airport, subsection (d) would apply. It states in pertinent part:

- "(d) No person subject to the provisions of this section shall solicit or accept free or special discount travel or related expenses from a source outside state government, except:
- "(2) when the person's presence at a meeting, seminar or event serves a legitimate state purpose or interest and the person's agency authorizes or would authorize payment for such travel and expenses."

Only if the classified state employee's presence at the Conference serves a legitimate state purpose, and that employee's agency authorizes or would authorize payment for such travel and expenses, may the classified employee accept the airfare, lodging, and transportation costs to and from the airport.

With respect to the portion of the per diem intended to cover the regular meals not provided at the Conference, subsection (c) would apply. It states in pertinent part:

- "(c) No person subject to the provisions of this section shall solicit or accept free or special discount meals from a source outside of state government, except:
- "(1) Meals, the provision of which is motivated by a personal or family relationship or provided at events that are widely attended. An occasion is 'widely attended' when it is obvious to the person accepting the meal that the reason for providing the meal is not a pretext for exclusive or nearly exclusive access to the person;
- "(2) meals provided at public events in which the person is attending in an official capacity;
- "(3) meals provided to a person subject to this act when it is obvious such meals are not being provided because of the person's official position; and
- "(4) food such as soft drinks, coffee or snack foods not offered as part of a meal."

Based upon the information you have provided, it does not appear that any of the exceptions would apply to the regular meals not provided as a part of the conference. Therefore, the classified state employees would be prohibited from accepting reimbursement for such meals. The "special meal" you wish to provide to all Kansans attending the Conference is also governed by subsection (c). Based upon the information you have provided, this meal will be attended by 25 to 40 people from all walks of life. Because this meal will not be provided as a pretext

for exclusive or nearly exclusive access to the state employee, it meets the definition of a "widely attended" meal and may be accepted by the classified state employees.

In addition, your provision of a hospitality room is also covered by this section. Subsection (c)(4) allows classified state employees to accept snack foods and beverages. Therefore, the classified state employees may frequent the hospitality room and consume the snack foods and non-alcoholic beverages. With respect to the registration fee for the Conference and the portion of the per diem intended to cover ground transportation in D.C., subsection (b) applies. It states in pertinent part:

- "(b) No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of such person's official position, except:
- "(1) A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or
- "(2) gifts from relatives or gifts from personal friends when it is obvious to the person that the gift is not being given because of the person's official position; or
- "(3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or
- "(4) contributions solicited on behalf of a nonprofit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended."

In Opinion number 1997-47, this Commission interpreted subsection (b)(3) and determined that "items received on behalf of the state must benefit the state as a whole rather than any one individual or agency." Because the state employees you invite to this Conference will be gaining valuable information about the health and well-being of children and will be able to share this information with their agencies in order to benefit all the children of Kansas, the registration fee will benefit the state as a whole, and, thus, may be accepted by the classified employees. The classified employees would not be able to accept reimbursement for ground transportation, however.

In conclusion:

- 1. Pursuant to K.S.A. 46-237, the Fund may underwrite all of the costs for state legislators and unclassified employees whose salaries are not subject to the approval of the Governor to travel to Washington, D.C. and attend the Conference without violating State governmental ethics laws.
 - 2. Pursuant to K.S.A. 46-237a:
- A. If the classified state employee's presence at the Conference serves a legitimate state purpose and that employee's agency authorizes or would authorize payment for such travel and expenses, then the classified employee may accept the airfare, lodging, and transportation costs to and from the airport.
- B. The classified state employees may not accept reimbursement for regular meals not provided at the conference.
- C. The classified state employees may accept the "special meal" you wish to provide to all Kansans attending the Conference.

(continued)

D. The classified state employees may frequent the hospitality room and consume the snack foods and non-alcoholic beverages.

E. The Fund may pay the registration fee for classified

state employees.

F. The Fund may not pay the ground transportation, fees for travel in Washington, D.C. for classified state employees.

Opinion No. 2000-02

Written February 17, 2000, to Todd Covault, Assistant Superintendent-Business, Emporia Unified School District No. 253 and Treasurer-Recreation Commission, Emporia.

This opinion is in response to your letter of December 10, 1999, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local conflict of interest laws (K.S.A. 75-4301 et seq.). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 75-4301 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the Assistant Superintendent of the Emporia Unified School District #253 and the Treasurer of the School District's Recreation Commission (Commission). You have explained that the Commission serves as the governing body for the local recreational facilities. In order to promote attendance by the Commissioners at the activities they govern and to facilitate associations between the Commissioners and the users of the recreational facilities, the Commission is considering a resolution that would provide Commission members free access to local recreational facilities.

Question

May the Commission provide its members free access to local recreational facilities?

Opinion

The Commission Members are governed by the local level conflict of interest laws (K.S.A. 75-4301 *et seq.*). K.S.A. 75-4304 prohibits a local official from participating in his capacity as a local official in the making of contracts in which that official has a substantial interest. It states in pertinent part:

"(a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest."

The absolute abstention requirement of K.S.A. 75-4304 is triggered only in situations where the local governmental officer, in the capacity as a governmental officer, makes or participates in the making of a *contract* with a person or business by which the officer is employed or in whose business the officer has a substantial interest. This Commission has consistently held that K.S.A. 75-4304 does not generally cover legislative decisions or administrative decisions such as those made by planning commissions, boards of zoning appeals, or city councils. (See

Commission Opinion 1999-05, 1998-20 and 1994-38.) Because the approval of the resolution providing the free access is legislative in nature and does not involve the "making of a contract," K.S.A. 75-4304 does not prohibit the Commission from passing a resolution to provide the Commission members with free access to local recreational facilities.

We pause to note that you raised two questions which relate to statutes outside of our jurisdiction. As we noted above, the Commission's jurisdiction is limited to the application of K.S.A. 75-4301 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Opinion No. 2000-03

Written February 17, 2000, to Sheriff Dave Meneley, Shawnee County Sheriff's Department, Topeka.

This opinion is in response to your letter of January 27, 2000, in which you request an opinion from the Kansas Governmental Ethics Commission (GEC) concerning the Campaign Finance Act (K.S.A. 25-4142 et seq.) and the local conflict of interest law (K.S.A. 75-4301 et seq.). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 25-4142 et seq. and K.S.A. 75-4301 et seq. Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the Sheriff of Shawnee County. You have informed us that the Attorney General has brought a civil ouster proceeding against you in an effort to remove you from office. You have incurred legal expenses in the defense of this procedure.

17. 124

Question

I. May you use campaign funds to defray the legal expenses incurred in defending against a civil ouster proceeding?

Opinion

K.S.A. 1998 Supp. 25-4157a(a) is applicable to your question. In pertinent part, that section states:

"No moneys received by any candidate or candidate committee of any candidate as a contribution under this act shall be used or be made available for the personal use of the candidate and no such moneys shall be used by such candidate or candidate committee of such candidate except for:

- "(1) legitimate campaign purposes;
- "(2) expenses of holding political office;

"For the purpose of this section, expenditures for personal use shall include expenditures to defray normal living expenses for the candidate or the candidate's family and expenditures for the personal benefit of the candidate having no direct connection with or effect upon the campaign of the candidate or the holding of public office."

The issue is whether the expenses you have described are being used for the purpose "of holding political office." The Commission has held in the past that campaign funds may be used to defray the legal costs associated with the defense of a candidate's candidacy or election,

the demand for campaign related documents in a civil action not involving any wrong doing on the candidate's part, and the defense of a recall petition. See GEC Opinion 1979-6, 1998-35 and 1999-13.

In the particular factual scenario you have described, you will be required to seek legal assistance in order to defend your elected position in a civil proceeding. This is not a criminal trial, but a civil proceeding brought to remove you from office. Under these circumstances, the legal expenses contemplated have a direct connection to the holding of public office and, therefore, you may use campaign funds to pay for the legal fees you will incur. The Commission cautions, however, that you may not use campaign funds in the defense of any criminal proceeding which may be brought against you. See GEC Opinion 1994-19.

Opinion No. 2000-04

Written February 17, 2000, to Kurt F. Kluin, Kluin & Bolt, LLC, Chanute.

This opinion is in response to your letter of December 15, 1999, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local conflict of interest laws (K.S.A. 75-4301 et seq.) and the state level conflict of interest laws (K.S.A. 46-215 et seq.). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 75-4301 et seq. and K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the attorney for the Southeast Kansas Area Agency on Aging, Inc. (SEKAAA), which is a non-profit Kansas corporation. You have informed us that SEKAAA's executive director has expressed an interest in running for the Kansas House of Representatives. You have also informed us that SEKAAA's employees are not state employees as defined by K.S.A. 46-221.

Questions

- I. May SEKAAA's executive director become a candidate and run for the Kansas House of Representatives while maintaining his position as executive director of SEKAAA?
- II. If the executive director is elected to office, may he retain his position with SEKAAA?

Opinion

With respect to your first question, there are no laws under this Commission's jurisdiction which would prohibit a person, who is not a state employee, from running for elective office.

With respect to your second question, if this individual is elected as a state representative, he will be governed by the state level governmental ethics laws found in K.S.A. 46-215 *et seq*. A thorough review of those laws reveals that there are no prohibitions on a state representative holding a position as executive director of a corporation.

Opinion No. 2000-05

Written February 17, 2000, to Katherine L. Tilton, Beloit.

This opinion is in response to your letter dated January 23, 2000, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the State level governmental ethics laws (K.S.A. 46-215 et seq.). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you request this opinion in your capacity as the Chief Nurse at the Beloit Juvenile Correctional Facility. You have explained that every year at Christmas time, the local drug store provides a poinsettia to the nursing staff, all of whom are classified state employees. Although the Beloit Juvenile Correctional Facility purchases its medications from this drug store, the agency does not license, regulate or inspect this drug store.

The poinsettia is traditionally placed on a table at the end of the hall outside of your office during the holiday season and then donated to the horticulture therapy department after the first of the year. This hall is frequented by the nursing staff, the visiting doctors, the residents who use your facilities and numerous other personnel. As chief nurse, you have accepted this poinsettia on behalf of the nursing staff and written a thank you note to the drug store.

Question

May you accept this poinsettia on behalf of the nursing staff and keep it in this public hallway?

Opinion

K.S.A. 1998 Supp. 46-237a applies to this question. It states in pertinent part:

- "(b) No person subject to the provisions of this section shall solicit or accept any gift, . . . provided because of such person's official position, except:
- "(3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state"

In the situation you have described, the drug store provided a gift to the office and not to an individual. The gift became the property of the agency. Therefore, pursuant to K.S.A. 1998 Supp. 46-237a(b)(3), you were permitted to accept the poinsettia on behalf of the agency. Although the statute places no restrictions on where such a gift is kept, the Commission notes that your placement of the gift in a hallway used by all of the staff instead of in a private office was appropriate to avoid the appearance of impropriety.

In order to be considered in formulating a final permit decision, written comments must be received not later than the close of business June 5.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business June 5 in order for the Secretary of Health and Environment to consider the request.

If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA within 60 days after the expiration of the 45-day review period to review the permit. Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. SENATE BILL No. 475

AN ACT concerning the interstate emergency management assistance compact, authorizing the governor to execute such compact on behalf of the state.

Be it enacted by the Legislature of the State of Kansas:

Section 1. The governor is hereby authorized to execute a compact on behalf of this state with any other state or states legally joining therein, in the form substantially as follows:

EMERGENCY MANAGEMENT ASSISTANCE COMPACT ARTICLE I PURPOSE AND AUTHORITIES

This compact is made and entered into by and between the participating member states, which enact this compact, hereinafter called party states. For the purposes of this compact, the term "state" or "states" is taken to mean the several states. The term "federal government" is taken to mean the United States government and, as authorized by law, agencies of the United States government.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages or enemy attack.

This compact shall also provide for mutual cooperation in emergencyrelated exercises, testing or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard mutual assistance compact or by mutual agreement between states.

ARTICLE II GENERAL IMPLEMENTATION

Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies, under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full and effective utilization of resources of the participating states and, if so requested, resources on hand or available from the federal government or its agencies, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

ARTICLE III PARTY STATE RESPONSIBILITIES

Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, insurgency or enemy attack;

These conditions may be activated, as needed, only subsequent to a declaration of a state emergency or disaster by the governor of the party state that is to receive assistance or upon commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state. ARTICLE VIII COMPENSATION

REIMBURSEMENT

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or

damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost, and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. The civilian population has the option of relocating on its own accord or, with help from the state, to egress from the emergency or disaster areas to areas outside the emergency or disaster areas. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

C. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states, with the Federal Emergency Management Agency and other appropriate government

agencies.

ARTICLE XII VALIDITY

This compact shall be construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected.

ARTICLE XIII ADDITIONAL PROVISIONS

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the president is authorized by law to call into federal service the militia, or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under § 1385 of Title 18 of the United States Code.

HOUSE BILL No. 2646

AN ACT concerning cities and counties; relating to planning and zoning; amending K.S.A. 1999 Supp. 12-757 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1999 Supp. 12-757 is hereby amended to read as follows: 12-757. (a) The governing body, from time to time, may supplement, change or generally revise the boundaries or regulations contained in zoning regulations by amendment. A proposal for such amendment may be initiated by the governing body or the planning commission. If such proposed amendment is not a general revision of the existing regulations and affects specific property, the amendment may be initiated by application of the owner of property affected. Any such amendment, if in accordance with the land use plan or the land use element of a comprehensive plan, shall be presumed to be reasonable. The governing body shall establish in its zoning regulations the matters to be considered when approving or disapproving a rezoning request. The governing body may establish reasonable fees to be paid in advance by the owner of any property at the time of making application for a zoning amendment.

(b) All such proposed amendments first shall be submitted to the planning commission for recommendation. The planning commission shall hold a public hearing thereon, shall cause an accurate written summary to be made of the proceedings, and shall give notice in like manner as that required for recommendations on the original proposed zoning regulations provided in K.S.A. 12-756, and amendments thereto. Such notice shall fix the time and place for such hearing and contain a statement regarding the proposed changes in regulations or restrictions or in the boundary or classification of any zone or district. If such proposed amendment is not a general revision of the existing regulations and affects specific property, the property shall be designated by legal description or a general description sufficient to identify the property under consideration. In addition to such publication notice, written notice of such proposed amendment shall be mailed at least 20 days before the hearing to all owners of record of real property within the area to be altered and to all owners of record of real property located within at least 200 feet of the area proposed to be altered for regulations of a city and to all owners of record of real property located within at least 1,000 feet of the area proposed to be altered for regulations of a county. If a city proposes a zoning amendment to property located adjacent to or outside the city's limits, the area of notification of the city's action shall be extended to at least 1,000 feet in the unincorporated area. Notice of a county's action shall extend 200 feet in those areas where the notification area extends within the corporate limits of a city. All notices shall include a statement that a complete legal description is available for public inspection and shall indicate where such information is available. When the notice has been properly addressed and deposited in the mail, failure of a party to receive such notice shall not invalidate any subsequent action taken by the planning commission or the governing body. Such notice is sufficient to permit the planning commission to recommend amendments to zoning regulations which affect only a portion of the land described in the notice or which give all or any part of the land described a zoning classification of lesser change than that set forth in the notice. A recommendation of a zoning classification of lesser change than that set forth in the notice shall not be valid without republication and, where necessary, remailing, unless the planning commission has previously established a table or publication available to the public which designates what zoning classifications are lesser changes authorized within the published zoning classifications. At any public hearing held to consider a proposed rezoning, an opportunity shall be granted to interested parties to be heard.

(c) (1) Whenever five or more property owners of record owning 10 or more contiguous or noncontiguous lots, tracts or parcels of the same zoning classification initiate a rezoning of their property from a less restrictive to a more restrictive zoning classification, such amendment shall require notice by publication and hearing in like manner as required in subsection (b) of this section. Such zoning amendment shall not require written notice and shall not be subject to the protest petition provision

of subsection (f) of this section.

(2) Whenever a city or county initiates a rezoning from a less restrictive to a more restrictive zoning classification of 10 or more contiguous or noncontiguous lots, tracts or parcels of the same zoning classification having five or more owners of record, such amendment shall require notice by publication and hearing in like manner as that required by

subsection (b) of this section. In addition, written notice shall be required to be mailed to only owners of record of the properties to be rezoned and only such owners shall be eligible to initiate a protest petition under subsection (f) of this section.

(d) Unless otherwise provided by this act, the procedure for the consideration and adoption of any such proposed amendment shall be in the same manner as that required for the consideration and adoption of the original zoning regulations. A majority of the members of the planning commission present and voting at the hearing shall be required to recommend approval or denial of the amendment to the governing body. If the planning commission fails to make a recommendation on a rezoning request, the planning commission shall be deemed to have made a recommendation of disapproval. When the planning commission submits a recommendation of approval or disapproval of such amendment and the reasons therefor, the governing body may: (1) Adopt such recommendation by ordinance in a city or by resolution in a county; (2) override the planning commission's recommendation by a 3 majority vote of the membership of the governing body; or (3) return such recommendation to the planning commission with a statement specifying the basis for the governing body's failure to approve or disapprove. If the governing body returns the planning commission's recommendation, the planning commission, after considering the same, may resubmit its original recommendation giving the reasons therefor or submit new and amended recommendation. Upon the receipt of such recommendation, the governing body, by a simple majority thereof, may adopt or may revise or amend and adopt such recommendation by the respective ordinance or resolution, or it need take no further action thereon. If the planning commission fails to deliver its recommendation to the governing body following the planning commission's next regular meeting after receipt of the governing body's report, the governing body shall consider such course of inaction on the part of the planning commission as a resubmission of the original recommendation and proceed accordingly. The proposed rezoning shall become effective upon publication of the respective adopting ordinance

and shall reincorporate such map as amended.

(f) Regardless of (1) Whether or not the planning commission approves or disapproves a zoning amendment, if a protest petition against such amendment is filed in the office of the city clerk or the county clerk within 14 days after the date of the conclusion of the public hearing pursuant to the publication notice, signed by the owners of record of 20% or more of any real property proposed to be rezoned or by the owners of record of 20% or more of the total real property within the area required to be notified by this act of the proposed rezoning of a specific property excluding streets and public ways and property excluded pursuant to paragraph (2) of this subsection, the ordinance or resolution adopting such amendment shall not be passed except by at least a ¾ vote of all of the members of the governing body.

(2) For the purpose of determining the sufficiency of a protest peti-

(2) For the purpose of determining the sufficiency of a protest petition, if the proposed rezoning was requested by the owner of the specific property subject to the rezoning or the owner of the specific property subject to the rezoning does not oppose in writing such rezoning, such property also shall be excluded when calculating the "total real property within the area required to be notified" as that phrase is used in para-

graph (1) of this subsection.

(g) Zoning regulations may provide additional notice by providing for the posting of signs on land which is the subject of a proposed rezoning, for the purpose of providing notice of such proposed rezoning.

Sec. 2. K.S.A. 1999 Supp. 12-757 is hereby repealed.
